

MAKE PLEA FOR EARLY CLOSING

Clerks Urge Employers To Follow the Example of B. L. Horr, The Grocer

It would be the proper thing for all merchants in the city to adopt the early closing movement inaugurated by B. L. Horr two weeks ago. With the exception of Wednesday and Saturday evenings the Horr store closes at 6:30 p. m. This allows the clerks to spend the evening hours at their homes or enjoy other manner of rest and diversion from their daily routine of work. By closing at 6:30 laboring men on the way home from their places of employment are enabled to step into the store and make necessary purchases. All merchants know that the evening trade of a store amounts to very little and in many instances is insufficient to defray the expense of keeping open. In all the enterprising cities of the country the early closing practice has long been in force. Mr. Horr declares that he will adhere to the new rule whether he is joined by the other grocery men or not, although at the same time he would like to see the rest fall in line.

A petition has been signed by all the store clerks in the city requesting their employers to close evenings, with the exception of Wednesday and Saturdays, at 6:30. It is stated that the merchants as a whole seem to favor the plan.

LOOKING UP EVIDENCE

Soo Detectives Search Homes Of Suspected Employes

Two Soo line detectives have been in the city for the last week looking up evidence bearing on a number of freight car robberies which have occurred on this division of the road of late. Trainmen are believed responsible for these thefts and a number of brakemen in the employ of the company are under suspicion. It is understood that two or three houses occupied by these suspects were searched this week by the detectives but no stolen goods were discovered.

Among those who went to Wausau to-day to attend the Mme. Schumann-Heink concert this evening are the following: Mrs. W. E. Brown Mrs. B. M. Dresden, Mrs. S. B. Galt, Mrs. T. B. McIndoe, Misses May and Helen Brown, Mr. and Mrs. C. P. Crosby, Mrs. E. G. Squier, Mrs. E. A. Forbes, Mrs. F. L. Hiltman, Mrs. B. R. Lewis, Mrs. F. A. Lowell, Mrs. D. R. Thomson, Mrs. Geo. Hilgerman, Mrs. D. H. Walker, Miss Olive Rogers, Miss Edith Brown, Miss Thoma and F. S. Robbins.

WM. MEYERS IS DEAD

Former County Board Member Succumbs to Bright's Disease.

Wm. Meyers, a prominent resident of Oneida county and a former member of the county board, died at St. Mary's hospital at ten o'clock Monday forenoon. Mr. Meyers was afflicted with Bright's disease and his illness dated back for six months. At different periods during the winter he was a patient at the hospital here and entered that institution for the last time a week before his death.

Mr. Meyers was forty-nine years of age and a native of Cleveland, O. For several years he was engaged in business at Enterprise, this county. During the time that he served as chairman of his town he frequently visited this city and was familiarly known here. His genial and generous disposition easily won him friends.

Geo. H. Englehart, a leading trunk manufacturer of Cleveland and nephew of deceased, arrived in the city Sunday and was at Mr. Meyer's bedside when the end came. The remains were shipped to Cleveland for burial, Monday night.

PAUL BROWNE'S ORCHARD

It Now Consists Of Seven Hundred Apple Trees.

Paul Browne has just completed the planting of 450 young apple trees on his land on the west side of the river. This addition gives Mr. Browne an orchard of 700 trees. Mr. Browne uses modern western methods in his orchard work and has been unusually successful. Some of the features of these methods are the planting of low headed yearling trees, proper pruning, and clean cultivation. A few of the trees in Mr. Browne's orchard bore for the first time last year and he realized several bushels of apples.

Mr. Browne firmly believes that the soil and climate of this county are thoroughly suitable for fruit production and that the man who engages in this line will net large returns. With his own orchard he intends to demonstrate that besides making a good income for himself, fine fruit can be raised in this section.

Gerry Browne, who has a large orchard in Washington, writes that frosts have practically ruined the peach, apricot, and cherry crops in the Yakima Valley. Orchard men will be heavy losers.

BIG CROWDS HEAR M. E. EVANGELIST

Messrs. Reed and Johnson Are Holding Enthusiastic Gatherings

Evangelists Reed and Johnson are now in their second week of meetings at the Methodist church. The success of the work has been beyond expectation. A large number of young people have pledged themselves to a life of religious devotion and service.

Last Sunday a class was received into church membership. Another class will be admitted next Sunday. Mr. Reed's spicy sermons are listened to with great interest. He preaches a clear cut gospel of immediate salvation from sin.

Mr. Johnson is pronounced by many to be the best gospel singer that has ever been heard in Rhinelander. Services are continued daily at 3 p. m. and 7:30 p. m.

The following order of service will be held Sunday, 9:30 Convert's Camp-Fire, 10:30 Preaching service.—Subject "The Second Mile Stone". Johnson will sing "Face to Face". 12:00 Sunday School, 3 p. m. Illustrated service. 7:30 Song Service. 8:00 p. m. Preaching service. Subject—"Some Things We Never Get Over." Solo, "Ninety and Nine".

Not in many years have such crowds been seen in the church at a religious service. All services are open to the public.

Mrs. E. C. Sturdevant went to Milwaukee, Wednesday morning.

J. A. Porter, a prominent lumberman and paper mill owner of Red Wing, Minn., and Mr. and Mrs. Kellogg of Wausau were in the city Tuesday. Mr. Kellogg intends to purchase a home here and make Rhinelander his headquarters while looking after Mr. Porter's extensive interests in this vicinity.

MARS TRIAL IS ON AT WAUSAU

Proceedings Underway To Disbar Ousted Forest County District Attorney.

Proceedings to disbar J. C. Mars, district attorney of Forest County, were opened at Wausau before Judge Reid, Monday, with A. C. Umbreit, acting district attorney of Forest county as special prosecutor. The case is interesting, says the Marquette Eagle Star, since it is the first one of its kind under the new proceedings relative to the disbarment of an attorney.

If the case goes against Mars he must be permanently removed by the governor, since he will no longer be an attorney, but should he be successful, it will not affect the trial for removal. Fourteen charges are preferred against him in the disbarment proceedings and seventeen in the removal proceedings.

The situation in sheriff's office is far from peaceful, according to Mr. Umbreit. William B. St. John former sheriff, has finally been compelled to surrender his office and is in jail, following the escape from jail of a man who was a principal witness in a case against a friend of St. John's. Certain papers, however, are in the safe, and the new sheriff, George W. Monky, does not know the combination. St. John refuses to open it, it is said. Many of the keys to the prison have been lost, and certain persons are suspected of having secreted them. It has been necessary for the sheriff's force to keep an extra watch on the jail. The locks of the falls must be changed, for safety, and an expert brought into the county to open the safe.

MUNICIPAL COURT NEWS

John Davidson Fined—Fred McRite Man Charged With Wife Desertion.

John Davidson was fined \$5 and costs or fifteen days in the county jail by Judge Walker, Saturday for being drunk and disorderly. He took the jail sentence in preference to paying the fine. Davidson was charged with having used improper and abusive language and was arrested by Officer O'Malley.

The hearing of Fred McRite man of Newbold, charged with deserting his wife, was adjourned by Justice W. B. LaSelle, Monday, until Saturday next. In the meantime the accused is resting in the county jail. McRite man is said to have suddenly departed from his home on March 31 last, neglecting to bid his wife good bye and also failing to provide for her comforts. A warrant was issued for his arrest.

After boarding three months with Sheriff Crofoot the meal ticket of George McCormick, "bad man," expired last Thursday and he was sent out into the world to once again shift for himself. McCormick immediately made for the first bar and after loading up with "disturbance water" in an effort to quench a 90 days thirst, commenced to become boisterous. He was acting very ungentlemanly when nabbed by an officer. On Friday morning Judge Walker ordered McCormick to do a Weston stunt out of Rhinelander and never return.

SEARCH FOR BODY.

The Pelican river dam will be closed to-day in order to make a search along the stream for the body of Robert Henchley, a log driver, who is supposed to have been drowned near Malvern Monday, April 17. While it is not positively certain that the man lost his life in the river the circumstances surrounding his disappearance has lead to that belief.

Henchley's people are said to reside in Kentucky and it is reported that he once made his headquarters at Eagle River.

DECLAMATORY CONTEST

Large Crowd Hears High School Students Friday Night.

Considerable interest was manifested by the public in the declamatory contest given by the pupils of the High school at the Baptist church auditorium last Friday evening. A large audience was in attendance.

The contestants were Lynne Carr, Mary Langdon, Mabel Krueger, Vera Squier, Jefferson Redfield and Hillard Lewis. Of the young ladies first place was awarded to Mabel Krueger and second place to Mary Langdon. Hillard Lewis and Jefferson Redfield were given first and second place.

The judges were Miss Smith and Mr. Johnson of Tomahawk, and Miss Vinal of Antigo.

A musical program was rendered during the evening by the High school chorus and quartette.

NEW ROAD WILL HELP THIS CITY

Farmers Who Now Trade At Tomahawk Will Then Patronize Rhinelander

Chas. Howe, the newly elected chairman of the town of Little Rice, was in the city, Monday. This was his first visit here since last November. Although Mr. Howe lives only nineteen miles in a direct line from Rhinelander, he is compelled to travel twice that distance over a round about route. In order to reach here. The Rhinelander-Cassian road which the county board has ordered built and the construction of which will be underway within a short time, will make it easy for the farmers in Mr. Howe's part of the county to get to this city without any unnecessary travel.

In Mr. Howe's opinion the new road will result in bringing from the western side of the county to the Rhinelander merchants the trade of a large number of farmers which has always gone to Tomahawk. This trade amounts to thousands of dollars annually and would prove a material boost to the commercial interests of Rhinelander.

Cassian, Lynne and Little Rice people would much rather spend their money in this city than Tomahawk, but the lack of proper road facilities prevent them from doing so.

Owing to the poor means of communication, Little is known by Rhinelander people of their rural neighbors. The settlers there are an energetic enterprising class, who by hard work and stick to it qualities, have succeeded in developing the district to a surprising extent. The majority of them own their homes and the western portion of the county is dotted with many fine farms. They are people that would be a credit to any community.

CAMERON DAM PRIEST HERE

Father Pilon First To Enter Dietz Home After Battle

Joe Pilon, who in the early days was a resident of this city and who is now a leading merchant at Minocqua, and his son, Father J. Pilon, were in the city yesterday meeting old friends and acquaintances.

Father Pilon has charge of the Catholic church at Winter, Wis., and will be remembered as the "little priest", who was the first to enter the Dietz cabin after the firing of the last shot at the Cameron dam skirmish. Thinking that Dietz's signal of surrender was only a bluff the sheriff and his posse feared to approach the house. Father Pilon hurried across the field to the house and found Dietz and his family ready to give up the fight.

The Beavers entertained at a pleasant little dancing party at the M. W. A. hall, Monday evening. A general good time was had.

SCOUR COUNTRY FOR B. S. MILLER

Aged Father Of S. S. Miller Has Been Missing From City Since Monday.

B. S. Miller, the aged father of S. Miller, former district attorney, suddenly and strangely disappeared from this city Monday. All attempts by searching parties to locate the old gentleman have proved futile and his whereabouts are a complete mystery.

Mr. Miller who is eighty-six years of age and a war veteran, had for some months made his home with his son. It was his custom to take daily walks about the city, leaving the Miller residence early in the forenoon; he would return for dinner and continue his exercise in the afternoon. While on these walks he would visit several points of interest to him, chief among which were the paper mill, court house, Northwestern depot and Forest Home cemetery.

Monday forenoon Mr. Miller left the house as usual. He wore his overcoat, a fact which attracted attention as it was not his habit to wear such a garment. At noon time he failed to appear for dinner and the family became worried. As the hour passed and the old gentleman was still missing, S. S. Miller inquired at his various haunts but nowhere could he be located. As the afternoon went by and nothing had been seen of Mr. Miller parties were at once organized to hunt for him. Many people declared that they had seen him that day at different hours in various parts of the city but these stories were generally of a conflicting nature and little faith was placed in them.

The woods for miles in all directions from the city have been thoroughly scoured but no trace of the lost man has been secured. Searchers are still out and will not abandon the work as long as hope remains.

The authorities have communicated with all the neighboring villages and cities in the belief that Mr. Miller might have left the city on some train. None of the train men running through here on either roads have reported seeing him. Mr. Miller constantly expressed a desire to go to Wausau to visit relatives but so far he has not made his appearance in that city. He was of frail constitution and could not have walked far without soon succumbing to fatigue. His family and friends are greatly alarmed.

MUST HAVE A LAWYER

Judge Reid Will Insist That Dietz Has Legal Advice

A recent press despatch from Milwaukee said:

"John F. Dietz, who has been making a tour of Manitowoc county, says he will have no lawyer in the case, which is scheduled to be called at Hayward the first week in May. Dietz believes the case will never be called for trial, because he believes the state will abandon the prosecution rather than have it shown up as a conspiracy."

The fact that for three or four weeks District Attorney Williams of Sawyer county, has had Sheriff Clark serving subpoenas for witnesses wanted by the state is evidence that the state is not abandoning the case.

The general opinion here is that if John Dietz does not appear for trial with legal counsel, his wife and son will, and it is certain that Judge Reid will insist on advisory counsel for the head of the family.

BERG IS RECOVERING

Ed. Berg, the Brantwood boy, who was badly hurt in an encounter with a pack of intoxicated Finlanders two weeks ago, is resting easily at the hospital and the doctors look for his recovery.

Berg was operated on by Drs. Hogan and Elliott who removed a piece of bone from his skull the size of a silver dollar.

The two Finns who are held responsible for Berg's injuries are in the Price county jail at Phillips, awaiting trial on the charge of assault with intent to kill.

DYNAMITER AT PEMBINE

Man May Have Been Implicated In Los Angeles Outrage.

A press dispatch states that persons in the vicinity of Pembine are scouring the woods in search of M. A. Schmidt, one of the alleged dynamiters wanted on the charge of being in the conspiracy to destroy the Los Angeles Times building.

The description of Schmidt, together with the offer of a reward of \$5,000 was received Monday.

The people there are positive Schmidt was in that town three days ago and that he cashed a time check after working on a log drive a short time. He left there, going south and search is expected to find him in a logging camp about 10 miles from Pembine.

The suspect had a glass eye, lame leg, and writes with his left hand. He also has other characteristics of the man wanted.

THREE MEN DROWN NEAR HAZELHURST

John Williams, Wm. Janz and Tony Rocus Are Victims Of Shocking Tragedy

A shocking tragedy which resulted in the death by drowning of three men occurred last Saturday night in Katabachien lake near Hazelhurst, this county. The dead are: John Williams, one of the oldest guides in northern Wisconsin; William Janz, constable at Hazelhurst and barn boss for the Yawkey-Bissell Lumber company; Frank Rose, a woodsman; Tony Rocus, a fourth member of the party, escaped.

The men were fishing in an old scow and were only a short distance from land when the boat began to leak. They jumped into the lake and started to swim for shore, but Williams, Janz and Rose became mired in the deep mud and despite their desperate efforts to extricate themselves, disappeared beneath the surface of the water. Rocus managed to reach shore and running to Hazelhurst, a distance of three miles, notified the people of the terrible happening. A party was at once formed and after a search of the lake the bodies were recovered.

The funeral of Williams was held at Hazelhurst, Monday. Janz's body was buried at Grand Rapids, his former home, and the remains of Rose were interred at Vesper, Wood county. Janz and Rose were members of the Modern Woodman lodge and each carried \$1,000 insurance.

The accident is one of the saddest that has been recorded in this county in many years. The victims were men who commanded esteem in their community and were popular among their friends. They had a small acquaintance in Rhinelander.

DEATH OF MRS. SARAH RICKER.

Death came to Mrs. Sarah Ricker at her home at Royalton Sunday forenoon. She was taken ill in the latter part of the winter and the end had long been expected. Mrs. Ricker was 83 years of age and one of the old residents of Waupaca county. She was the mother of Mrs. Joe Mayo and George and Fred Ricker of this city. The funeral was held at Royalton, Tuesday.

EVENTS OF WEEK IN OTHER TOWNS

Items of More or Less Importance Boiled Down From Neighboring Exchanges

Tomahawk

The dates of the big chautauque in this city have been set for July 2 to 9. An organization for the management of the chautauque has been perfected and contracts signed for several numbers of the program. Among the notables who have been engaged for that week are: John Mitchell, the national labor leader; Father Cleary, and Ople Read, the well known author and entertainer. Efforts are being made to secure Roosevelt, Bryan, LaFollette and McGovern. John Mitchell will speak on July 4 and it is anticipated that hundreds of laboring men from all over northern Wisconsin will be here then.

Wausau

Acting upon orders served by Chief of Police Malone all saloons in this city now close their doors at 1 o'clock each night and remain closed until 6 a. m. on week days. On Sunday the doors remain closed until 12 o'clock noon at which hour church services are over. As far as the saloons were concerned Wausau has heretofore been a wide open town, although free from disorderly or questionable places. At the spring election the no license question was voted down by an overwhelming majority.

Clintonville

The year 1911 will witness great activity in the building line in this city. Among the business blocks to be erected will be three store buildings by H. Bloch on Main Street. The stores will be one story structures of the most modern type, will be of either brick or cement and Mr.

Bloch will probably occupy two of them and rent the other. Several residences and smaller buildings will also be put up which will furnish plenty of work for carpenters and laborers. Clintonville is rapidly advancing to the front and is rated as one of the most thrifty little cities in the state.

Merrill

As the result of the efforts of Hon. Jule Thielman, president of the Merrill Cemetery Association, a community sanitary mausoleum will be placed in the city cemetery, providing the efforts of the Wisconsin Mausoleum Construction Company of Milwaukee are accepted. One of the offers is that the cemetery association assist the company in securing as great a sale of crypts in the mausoleum as possible, and then to build a mausoleum for that number of crypts, which would then be turned over to the local cemetery association with proper endowment for its maintenance without any cost to the city or association and only to the people who own the crypts.

New London

The public library has been presented by Mrs. Chikering with a bound volume of Harper's magazine dating from 1869 to 1883. This is a very valuable gift and one which will be appreciated by the library patrons. It covers the entire period of the civil war and a reconstruction and gives the student of that period a clear insight into the spirit that pervaded the East during that time. To obtain such matter now is very difficult.

Gladstone

Two large interurban cars have been received by the Escanaba Traction Company for its Escanaba-Gladstone line. The cars are considerably better at present, having a seating capacity of 75 people, besides a roomy compartment for freight. The new cars will be used during the summer season when the traffic between the two cities is very heavy.

Stevens Point

Patrick O'Connor has leased his stone quarry in this city to, as Milwaukee concern for a period of

ten years. The new operators will at once begin to work the quarry and the product will be used for paving blocks. The blocks will be 8x6x6 inches in size although this may vary according to requirements.

The entire operation, with the exception of removing the stone from the ledge, will be hand work. All stone not fit for blocks will be crushed and used in some other way. The quarry will employ about thirty men all of whom will be members of the blockmakers' union.

Florence

A dull ore market caused the shut down of the Buckeye mine of the Reserve Mining Company in this city Tuesday. The suspension is said to be temporary and the pumps will be kept in operation. The Buckeye, which gives employment to 125 men, is in excellent shape to produce ore, there being 30,000 tons in stock, all of which will be shipped this season. The Reserve company is raising its big store and office building and in its place will be erected a modern up-to-date structure.

Ladysmith

With the tapering of spring the building plans of many citizens are being put into execution. It is freely predicted that the year will experience the largest building boom that Ladysmith has yet seen. Besides several new brick buildings that will be erected in the business section, residences large and small, will be put up in all parts of the city. A number of houses have been built in the Menasha Wood-ward Company's third addition and as soon as the new bridge is assured it is said that many fine residences will be erected on the north side.

Marinette

More vault room is needed in the Marinette county court house. The accumulation of thirty-four years of records has crowded the vaults so that there is no longer shelf room and it is necessary to place the books on the floors. The problem of remedying this condition is a seri-

ous one for the consideration of the county board. Two suggestions have been made; one the building of a new court house, entailing an expenditure of \$150,000 to \$200,000 and the other the installation of an additional vault which cost would not exceed \$3000.

Phillips

Seventy dollars were stolen from the saloon of Dan Sullivan in the center of the business portion of the city. The robbery was committed in daylight while the bar keeper was at breakfast in a nearby restaurant. The building was entered through a rear window and at the same time a large window in the First National bank adjoining the saloon was broken. The officers feel convinced as to who did the deed and the supposition is that robbers escaped on an early Soo train.

Park Falls

Geo. McGinnigan, an employe of the paper company, found the body of an unknown man floating in the paper mill canal. The remains were so badly decomposed that identification was impossible and there were no papers on the clothing to shed any light on the mystery. The man was apparently past middle age, was slightly under average height, stockily built and was attired in the rough clothing of a woodsman. He is the second person to lose his life in the canal, the first fatality occurring last September.

Marshfield

Fire destroyed the plant of the Marshfield Stave company including the excelsior department, heading factory, power plant and dry kilns. The blaze originated in the waste conveyor just as it enters the engine room, either from a spark from the outside or from the combustion of some substance among the waste. The loss is \$20,000. This is the first serious fire Marshfield has experienced since the destruction of the Roddie's Veneer company's factory in 1901.

DO NOT KEEP CHILD

Prof. and Mrs. F. S. Hyer, who found a baby girl on their residence porch at Stevens Point three weeks ago, have given the child to a family named Goodrick at that city. All the members of the Hyer family, especially the children, had already formed a deep affection for the baby, and it was with a feeling of reluctance that they allowed her to be taken away. All efforts to locate the real parents of the infant have been fruitless.

BUYS SUMMER HOME

M. McEachin has purchased from Ed. Killburn property on Mud and Stone lakes, one and a half miles from Roosevelt, comprising a house and seventy acres of land. The spot is a beautiful one and will make an ideal summer home into which it will be converted by Mr. McEachin. In time he may conclude to build a large resort on the property.

OLD SOLDIERS MEET

Slate G. A. R. Encampment at Green Bay June 8 and 9.

Civil war veterans in Rhinelander are planning to attend the annual encampment of the Wisconsin department G. A. R. at Green Bay, June 8 and 9. It was at first arranged to hold the encampment on June 7 and 8 but owing to the Elks' convention filling on the same dates the time was changed.

The customary receptions by the Woman's Relief corps and other societies will take place the night of June 8, the campfire the night of June 9, and soldier speakers will be sent to all of the schools the forenoon of June 8.

Headquarters will be at the Beaumont house, where the council of administration will meet at 8 o'clock on the night of June 7. The council consists of Dr. O. W. Carlson, Milwaukee; Ezra H. Stuart, Brodhead; Henry C. Smith, Green Bay; H. J. Goddard, Chippewa Falls, and F. S. Vender, Mauston.

SEEKS MISSING SON

Illinois Boy Is Last Heard Of at Woodruff, Wis.

Chief of Police Straub has received a letter from Mrs. Carl Haysen of Litchfield, Ill., asking that he look out for her son, Frank Haysen, a lad seventeen years of age, who suddenly disappeared from his home a month ago.

In her letter the mother states that the boy was last heard of at Woodruff, Wis., from which place he wrote to a friend in Litchfield that his clothes be sent him. The lad is believed to be of unsound mind and the northern Wisconsin authorities have been requested to look for him.

MILES OF CARPET

A solid train of sixty cars, containing 15,000 rolls of carpet, leaves Chicago via the Chicago & North Western Ry. 5 a. m. today for Omaha. The train is enroute from New York to San Francisco.

The special train is over half a mile in length.

There are five hundred miles of carpet in the shipment; this represents carpet enough to lay a width the entire length of the line of the Chicago & North Western Ry. from Chicago to Omaha.

It is the product of the Alexander Smith & Sons Carpet Works, Yonkers, N. Y. To make these carpets required the labor of 7,500 workers for eight days, an equivalent of one day's work for 62,400 operators, and if it were piled up in rolls one on top of another over an area of 400 square feet, it would over-top the Singer Building tower, New York City.

The weight of the carpet is 1,500,000 lbs, and it is valued at almost \$1,000,000.

Such a shipment even a decade ago would have been beyond the imagination of the most optimistic weaver, and is the tangible evidence of the remarkable growth of the carpet weaving industry in America. It goes to supply the ever-increasing demand on the Pacific Coast.

The further the investigation goes in the Lorimer case, the worse it grows. In Tuesday's testimony a witness drew Senator Stephenson of this state into the lime light. We believe there is little difference between the corruption of the Lorimer election and Stephenson's election. Both should be removed from office. Stephenson is a disgrace to this state and does not represent its sentiment. Remove him.

TRYS TO DECEIVE PUBLIC

"We are not ashamed of being called a socialist," says the New North, and it thus corroborates the assertion made by the News that this paper is the only Republican Newspaper in Rhinelander.—Local Special Interest Organ, April 21.

We are not surprised at the attempt at deception of this "special interest" organ. It was organized to deceive and misconstrue the facts for the benefit of the few at the expense of the many. The New North has been exposing the acts of its leading officers the past few weeks. Do the people doubt "special privileges" now?

the farmers' products were put on the free list and such manufactured articles as are made in Canada have a duty. As for example, wheat free, flour with a duty, cattle free, beef with a duty. In other words, the leading opponents of the bill argued that it is another boost for the big manufacturers and trusts without reducing the cost of the articles to the consumers. The bill now goes before the senate for consideration.

ARREST LABOR LEADERS

Much class bitterness has been engendered the last few days by the arrest of Orrie E. McNamagal, John J. McNamara, Secretary of the International Iron Workers Union, and his brother, James W. McNamara, and their transportation back to Los Angeles where they are accused of blowing up The Times building and killing over a score of people.

Many labor leaders say this is another Orchard frame up to destroy the influence of labor unions. We know nothing of the facts and are willing to wait and investigate. However we do not believe that any labor union as an organization plotted to destroy and kill and the organization is not to blame for the work of individuals. The Los Angeles building was blown up; someone did it. Let us study the facts and await developments.

CZAR OR SERVANT—WHICH?

President Taft is opposed to the new constitution of Arizona and it is said if a change is not made it may defeat the statehood bill. The president is willing to overlook the power to recall other state officers but he is opposed to the recall of the judges. Is it Mr. Taft's affairs to oppose the will of the people of a commonwealth? Is he a Czar or is he a servant to carry out the wishes of the electors? What form of government have we? If the great principle "The will of the people shall be the law of the land" is to apply who is to decide what form of constitution Arizona is to have?—Is it Mr. Taft or the people of that territory? The constitutional convention of Arizona by a vote of five to one decided to have the recall apply to the judiciary; the people of that territory approved the action of that convention by seventy-eight per cent. Ex-President Roosevelt says it is a freak move, but he says the people of a commonwealth should have the recall apply to judges if they wish. It is to be seen whether the people of Arizona shall rule their own state or a man at Washington. We are not discussing the recall of judges.

MUST PAY FOR NEWSPAPER

We print below the synopsis of the United States Supreme Court's decision regarding delinquent subscribers which may be of interest to some who are in arrears:

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.
2. If subscribers order the discontinuance of their periodicals the publisher may continue to send until all arrears are paid.
3. If subscribers neglect or refuse to take their periodicals from the post-office they are responsible until after they have settled their bills and ordered their paper discontinued.
4. If subscribers move to other places without informing the publisher and papers are sent out to the former address, subscribers are responsible.
5. The courts have decided that refusing to take periodicals from the office or moving and leaving them uncalled for, is prima facie evidence of intentional fraud.
6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not want to continue taking it, otherwise the publisher is authorized to send it, and the subscribers will be responsible until an express notice with payment for arrears is sent to the publisher.

UPRISING NEARING END

Monday's papers brought the welcome news that the Mexican uprising is approaching its end. An armistice beginning April 23rd to last five days has been agreed upon between Madero, the leader of the insurgents, and President Diaz. This armistice not only ends hostilities for the present, but it is also the beginning of the end of one of the most despotic men of modern times.

Diaz, in a way, is comparable to Napoleon I. Like Napoleon, he is first, last and all the time for himself. In the beginning of his career as President of Mexico, Diaz had the welfare of his country at heart. In so far at least as it also furthered his ambitions, but as he grew older, he lost more and more his regard for his country and cared only for himself.

But there is more in this struggle

than merely the getting rid of any one man. Brazil, to the south of Mexico, is rapidly changing from Latin-American ideals to Anglo-American standards. The United States, to the north of Mexico, has always stood for the advancing Anglo-American standard. Mexico thus lies between two restlessly moving millstones. Its medievalism is being rapidly crushed out. The states totalling the north and the south are far in advance of the central states and they are demanding twentieth century method of government for all of Mexico.

This rebellion is thus more than a uprising; it is a revolution from the old systems of Latin Europe to the modern systems of the Anglo-Saxon. It is a distinct triumph of American influence and civilization. One of the last places of benighted medievalism is rapidly passing away.

A FLY CATECHISM

1. Where is the Fly born? In manure and filth.
2. Where does the Fly live? In every kind of filth.
3. Is anything too filthy for the Fly to eat? No.
4. (a) Where does he go when he leaves the vault and manure pile and the spittoon? Into the kitchen and dining room; (b) What does he do there? He walks on the bread, fruit, and vegetables; he wipes his feet on the butter and bathes in the butter-milk.
5. Does the Fly visit the patient sick with consumption, typhoid fever and cholera infantum? He does—and may call on you next.
6. Is the Fly dangerous? He is man's worst pest, and more dangerous than wild beasts or rattlesnakes.
7. What disease does the Fly carry? He carries typhoid fever, tuberculosis and summer complaint. How? On his wings and hairy feet. What is his correct name? Typhoid Fly.
8. Did he ever kill any one? He killed more American soldiers in the Spanish-American War than the bullets of the Spaniards.
9. Where are the greatest number of cases of typhoid fever, consumption, and summer complaint? Where there are the most flies.
10. Where are the most flies? Where there is the most filth.
11. Why should we kill the Fly? Because he may kill us.
12. How shall we kill the Fly? (a) Destroy all the filth about the house and yard. (b) pour lime into the vault and the manure; (c) kill the Fly with a wire-screen paddle, or sticky paper, or kerosene oil.
13. Kill the Fly in any way, but kill the Fly.
14. If there is filth anywhere that you cannot remove, call the office of the Board of Health, and ask for relief before you are stricken with disease and, perhaps, death.—School Education.

STEPHENSON GUILTY.

The Stephenson election report is before the state legislature. The resolutions are most sweeping in character, reviewing the report and recommendations of the Senate investigating committee and in addition requests that the United States Senate investigate the election of Isaac Stephenson. The resolution recommends concurring in the findings of the Senate committee. The report further recommends that prosecutions be instituted by the district attorney of Dane county against all persons, shown by the testimony to have committed bribery. The same provision relates to the district attorneys of other counties. Unless other disposition is made, the resolution will come up for consideration tomorrow.

Find Allegations True

Whereas, the Senate committee members of the joint senatorial primary investigation committee and the Senate investigation committee have in said report found that Isaac Stephenson did commit acts of bribery and attempted bribery, and did commit other acts in violation of the corrupt practices laws of Wisconsin relating to said matters; and further, that the managers and agents of Isaac Stephenson in said primary campaign and election, and general election and senatorial election did, by acts of bribery and attempted bribery and other acts in violation of the corrupt practices laws and penal statutes of Wisconsin relating to said matters, obtain for the said Isaac Stephenson votes without which he would not have been elected, and that for such reason the election of said Isaac Stephenson of the United States Senate was null and void, and such election of the said Isaac Stephenson to the United States Senate should be annulled by the United States Senate.

Not only is Senator Stephenson accused of bribery and attempted bribery but some of his workers are accused of perjury.

JOB AT RHINELANDER FOR THE RATE BOARD

Rhinelanders, Wis., April 26.—Acting upon a complaint made by the common council, the rate commission will send its corps of engineers here and inventory the property of the Rhinelander Lighting Company, whose rates are alleged to be unfair and unequal. The city may lose by its move, however, as it is now getting free electric lights for all its public buildings under old old contract and the commission has usually cut off this discrimination. The principal complaint made by the city solons is that one firm in the city is giving lighting rates much lower than the regular ones while the lighting company shows that the contract made with these parties was made at the same time as the one giving the city free lights, and that it is not objecting to have these contracts abrogated by the commission.—Milwaukee News

COAL LAND CASE

The public has lost the Cunningham coal fields after all.

On Oct. 23, 1910, President Taft signed an order turning over the control to the Morgan-Guggenheim syndicate. This order gave the final victory to Hallinger and the big financial interests which were back of the long struggle in which Pinchot, Glavis and others tried to protect the public property.

Information of the president's action has only just come to light. The effect of the order is to provide a terminal for the railroad from the coal fields controlled by the Guggenheims, at Controller bay. This is the only terminal possible, since a storm destroyed the Cordova terminal, and showed it to be impracticable.

PROTECTED BY ORDER

The public's interest in the Controller bay terminal was protected by orders made by Secretary Garfield, which made the bay shore and right-of-way part of the Chugach national forest. Taft's order takes out of the forest reserve 12,800 acres which have been grabbed by the Guggenheim people.

R. A. Ryan, president of the Controller Bay Railway and Navigation Co. representing Cincinnati capitalists, has been in Washington for many months, asking a right of way for the railroad through the forest reserve, and his maps show that his road will connect with the Guggenheim system.

The final order was made by Hallinger and Taft, all authority in this affair having been taken from the forestry officials.

Senator LaFollette learned of the state of affairs and what was going on and he fired a resolution into the camp of the opposition.

The resolution demands that the president send to the senate all information in regard to the railway terminal, correspondence, etc.

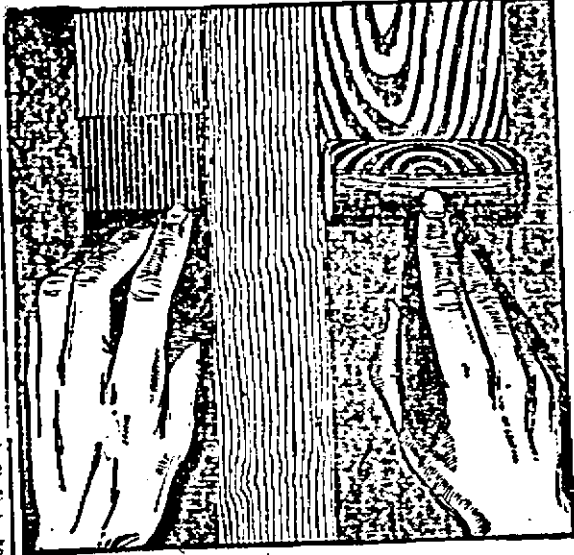

LaFollette caught the Standpatters off guard and the resolution was adopted in a twinkling.

President Taft will now have to explain to the senate.

T. C. Wood Hdw. Co.

release order made by the president last October, was set forth in a statement written today by Delegate Wickersham, representative of Alaska in congress.

BY DELEGATE JAMES WICKERSHAM.

There are but two possible outlets for the great Behring river Alaska coal fields wherein the Cunningham claims are located.

The first has for several months been absolutely controlled by the Guggenheims. It comprises a ninety-nine mile haul around the coast to Cordova, over a road owned by them.

The other is through Controller Bay, over lands now secured by those same interests under the president's executive order of October last.

If the investigation demanded by Senator LaFollette's resolution shall disclose what is generally believed that both these routes are now owned by the Alaska syndicate, that syndicate has been placed in exclusive control of the only railroads and the only harbors over which this field can reach the market. Such a monopoly would be of more value than the Cunningham group itself, since it would control the marketing of all the coal in that field and fix rates of transportation and prices to the consumer.

Oct. 20, 1910, the president withdrew 12,800 acres of land commanding the outlet of Controller Bay from the Chugach forest reserve and restored it to the public domain. It was immediately claimed by those interested in the Controller Bay railway. In its last hours congress on March 4 passed an act giving the Controller Railway Co. a right of way through that 12,800 acres of shores of Controller Bay and the right to locate its terminals on the deep water of the harbor.

I believe Senator LaFollette's resolution of inquiry will show that the Alaska syndicate have secured the ownership of the 12,800 acres thus released from reservation by the president and a monopoly of the only harbor in Alaska out of which the great coal deposits can be shipped.—Gillon Gardner—in Milwaukee Journal.

GOOD NEWS

Many Rhinelander Readers Have Heard It and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Rhinelander are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Frank Rogers, 730 Wabash St., Rhinelander, Wis., says: "My experience with Doan's Kidney Pills has been so satisfactory that I do not hesitate to recommend them. I was subject to attacks of backache and there were acute pains through my kidneys. When I learned of Doan's Kidney Pills, I got a box at Reardon's Drug Store and in a short time after beginning their use, I received relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PLAY HERE EIGHT NIGHTS

The Francis Greene Stock Company closed an eight nights engagement at the Grand Opera House, Sunday. The repertoire of the company consisted of several high class plays which were given in an able manner.

Mr. Greene, the owner and manager of the troupe, expressed himself as highly satisfied with the week's business in Rhinelander and will arrange to play a return engagement at a later date. The company went from here to Laona to play three nights and will finish the week at Goodman.

ONE CONDUCTOR HELPED BACK TO WORK

Mr. Wilford Adams is his name, and he writes: "I was confined to my bed with chronic rheumatism and used two bottles of Foley's Kidney Remedy with good effect. The third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It will do all you claim in cases of rheumatism." It clears the blood of uric acid. J. J. Reardon.

FATAL ACCIDENT AT WABENO

Tom Rooney, an employe of the Jones Lumber company at Wabeno, died last Tuesday from injuries received in an accident at the mill. Rooney was hauling lumber from the mill to the yard and was caught between a lumber pile and a load of lumber, the load falling upon him. A doctor was called and the injured man was removed to the company boarding house where he died a few minutes later.

LIKES TO RECEIVE NEW NORTH

In renewing his subscription to the New North, Burr W. Clark, who is in the government forest service at Sheridan, Mont., writes that the weather there has been delightful for the last three months and that the ranchers are turning their stock out onto the ranges, and are doing their spring planting.

Although it has been a number of years since Burr left Rhinelander he states that he likes to receive the New North and keep in touch with the progress of the city.

HOW EDITORS GET RICH SO QUICK

They Can Have Most Anything They Want By Running Advertisements

It is not good policy to give business secrets away, but as so many people wonder how editors get rich so quick we give out the following information, hoping that everyone of our readers will not take advantage of this and engage in the newspaper business, says an exchange.

A fellow out west wants us to run a lot of advertising for him for nothing, and if it brings results he may become a customer.

A gun firm wants us to run \$19 worth of advertising and then send it \$10 in exchange for a shotgun. Such a gun would retail at about \$4. For running \$17 worth of locals we can get a dollar magazine telling us how to do dressmaking at home. By running \$50 worth of advertising and ending \$25 to an Atlantic City firm we will be given a deed to a lot. When the tide is in the lot stands six feet under water.

If we can run a column writeup of doings to be held in North Dakota next fall amounting to \$7 we will be sent two one-dollar tickets. Our railroad fare up and back for two would be about \$30.

For \$10 worth of advertising and \$25 cash we can own a bicycle. The wheels sell at just \$12. About one dozen firms are wanting to give us shares in gold mines for advertising. A nursery firm will send us a twenty-five cent rosebush for only \$5 worth of advertising. For running a six inch advertisement one year, we get a gross of pills.

NO REASON FOR DOUBT

A Statement of Facts Backed by Strong Guarantees

RESOLUTIONS OF CONDOLENCE

Whereas the Divine Creator in his wisdom has seen fit to call from our midst our beloved friend and brother, Frank Smith, and

Whereas, the sudden summons has spread sorrow and gloom in the blighted home and family circle and in the hearts of the members of this order, be it

Resolved, that the sympathy of this Oneida lodge No. 1186, Modern Brotherhood of America, be extended to the bereaved family and friends of our departed one.

Resolved, that as a further token of our respect to his memory, the charter of this Oneida lodge be draped in mourning for a period of thirty days, and a copy of these resolutions be spread on the minutes of this lodge and a copy tendered to the grief stricken family.

May we so live that when we are called to join the company who has passed into the great beyond that we may not be laden with leaves but sheaves of good deeds, and may we hear the "Well done thou good and faithful servant."

A RELIABLE MEDICINE—

NOT A NARCOTIC Mrs. F. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house."

WHY A NORMAL SCHOOL SHOULD BE LOCATED AT RHINELANDER.

1. Present Normals are not furnishing enough teachers.
2. Present Normals do not serve the region of nine to fourteen counties of which Rhineland is a railroad center.
3. These nine counties have increased in population in the last decade over 50 per cent.
4. These nine counties have increased in assessed valuation in three years over 50 per cent.
5. ONEIDA COUNTY (and probably all of the others) has increased in assessed valuation in the decade from 1898 to 1908 over 240 per cent.

A new Normal is needed.

1. Statistics gathered by Prof. H. S. Youker of the Oshkosh Normal School go to show that one third of the grade teachers of our cities and villages are still without Normal training, to say nothing about the country school teachers.
2. Statistics gathered by Prof. E. C. Elliott of the University of Wisconsin go to show that there are about FIVE HUNDRED new high school teachers needed each year in the state. The elementary schools use fully three times as many teachers, and in the same ratio would need fully FIFTEEN HUNDRED new teachers each year to keep the ranks full. The total number of graduates from our eight normals is about SEVEN HUNDRED FIFTY per year and hence is only HALF ENOUGH to supply the demand. These figures include both elementary and full course graduates.

II. Need of a Normal for the Rhineland section.

1. A Normal is needed because nine counties directly tributary to Rhineland are without any state institution of higher learning: Oneida, Iron, Vilas, Forest, Florence, Langlade, Lincoln, Price, and Rusk. Four other counties are at least partially tributary to Rhineland: Marathon, Taylor, Ashland, and Barron. See state map showing where present Normals are located and the distance of this region from them.
2. Of upward of 3000 students in attendance at the Normals, ONLY 75 COME FROM THESE NINE COUNTIES according to the catalogues of the Normal schools. This proves our nine counties are not being served by the present Normals.

Lack of interest cannot be argued against us either because it is a well known fact that our elementary and high schools compare favorably with any in the state. Our proportion of state graded schools and township high schools, as given by the Blue Book, is very high.

3. A review of the Normal catalogues shows that the inland Normals draw from a much larger territory than the border Normals.

Synopsis.

MILWAUKEE NORMAL. Total attendance 458, from Milwaukee County 252, 52 per cent. from Milwaukee County.

PLATTEVILLE NORMAL. Total attendance 310, from Grant County 239, 75% from Grant County.

RIVER FALLS NORMAL. Total attendance 322, from St. Croix and Pierce Counties 269, 83% from St. Croix and Pierce Counties.

SUPERIOR NORMAL. Total attendance 415, from Douglas County 312, 75 per cent. from Douglas County.

LA CROSSE NORMAL. Total attendance 400. No other statistics.

STEVENS POINT NORMAL. Total attendance 365, from Portage, Wood, Waupaca and Marathon Counties 239, taking these four counties to make 65 per cent of attendance.

OSHKOSH NORMAL. Total attendance, 630, from Winnebago, Fond du Lac and Brown Counties 316, taking three counties to make only 50% of attendance.

WHITEWATER NORMAL. Total attendance 270, from Walworth, Rock and Waukesha 148, taking three counties to make only 53% of attendance.

4. These statistics show in the case of Oshkosh, Whitewater and Stevens Point, which are inland normals, that a larger number of counties is drawn from to make a smaller per cent of the student body in each case. Rhineland is an inland town. More, the distance of this region from other normals is so great and Rhineland's railway facilities so favorable, that it is clear that a normal in Rhineland will draw from all of these nine counties and make it less of a local institution than in the case of any normal. On the other hand, Oconto, located on the border of the state, and not being a railway center would make of a normal school a strictly local institution, and would in no way relieve the vast territory (nearly 1/2 the area of the state) of which Rhineland is the center.

5. We need a normal because we are in a region rich in natural resources which is rapidly increasing in wealth and population.

ASSESSED VALUATION AS GIVEN IN BLUE BOOKS OF 1907 AND 1908.

COUNTIES	1898	1905	1908
Oneida	3,073,000	6,800,000	10,500,000
Iron		4,300,000	4,800,000
Forest		4,500,000	7,500,000
Vilas		5,900,000	8,600,000
Florence		2,600,000	3,200,000
Langlade		9,200,000	14,300,000
Lincoln		9,800,000	16,200,000
Price		6,700,000	10,200,000
Rusk		5,500,000	8,300,000
Totals		55,300,000	83,500,000
Entire State		1,952,000,000	2,216,000,000

For 9 counties, increased valuation is 51% in three years.

For entire state, increased valuation is only 13% in three years.

This is a remarkable showing for gain in wealth of the Rhineland region as compared with the entire state.

Although statistics are incomplete, judging from Oneida County, the increase for this region for a 10 year period (1898 to 1908) would be 240%. This is indeed remarkable and shows the great gain in wealth for all this region. (The table above gives the figures.)

6. Exhibit B shows that the total population of this territory in 1910 is 98,000, an increase of over 47%, while the average increase for the entire state is only 12%.

EXHIBIT B.

Chart showing the increase of population from 1900 to 1910 in the Rhineland region compiled from census reports.

County	1900	1910
Oneida	8600	11400
Iron	6600	8300
Vilas	4900	6500
Forest	1400	6800
Florence	3200	3400
Langlade	12500	17000
Lincoln	16200	19000
Price	9100	13500
Rusk	4300	12000
Total	67000	97700

47% gain in nine counties

Marathon 43500 55000

Taylor 11200 13000

Ashland 20100 20900

Barron 23600 29100

98100 119600

21% gain in four counties

6. There is a manifest desire for higher education in this region.

(a) The number of county training schools in this section is 6 as compared with nineteen for all the rest of the state, which shows that this new region is making the best of all opportunities to get advanced educational training.

(b) Oneida county training school has made a remarkable record in attendance during its first year as compared with the first year's attendance in old southern counties.

III. Why Rhineland should be chosen for New Normal.

(1) Geographically Rhineland is the center of a large territory not tributary to any of the existing State Normal Schools. See map in Exhibit A.

(2) Rhineland is located at the junction of two large trunk railroads—the Northwestern, running north and south through the state and the Soo running east and west across the state. The Soo connects with the St. Paul seventeen miles west of Rhineland, with the old Wisconsin Central forty-six miles west of Rhineland, and with another branch of the Northwestern fourteen miles east. There are several branch lines on the Northwestern connecting with the main lines pointing to Rhineland as a center. The railroad schedules are so framed that Rhineland is conveniently reached from points on these lines.

(3) Rhineland is a modern city; 63 blocks of macadamized streets, good water, a complete sewerage system, both electricity and gas for lighting, gas for cooking, fine city buildings, and one of the very best county court houses in the state.

(4) Rhineland is located in a beautiful and healthful region. Its mortality rate is only 11 per thousand, while for the state, it is 13. It is located at the confluence of the Pelican and Wisconsin rivers. There are numerous beautiful lakes in the vicinity.

(5) Rhineland offers the choice of six or seven fine sites, and has appropriated \$10,000.00 for the purchase of the one chosen by the Board of Normal Regents.

(6) Rhineland is in a good agricultural belt which is developing rapidly. According to Assistant State Forester Moody, the percentage of what is known as Jack Pine land is very small indeed.

(7) Oconto and Green Bay are now well served by the Oshkosh Normal. Green Bay is only 43 miles from Oshkosh, and Oconto is but little farther. Rhineland is 197 miles from Superior, 150 from Oshkosh, and nearly as far from Stevens Point by railroad. We have much unserved territory to draw from, and a new normal at Rhineland would be a great benefit to all this region as an institution of higher education.

AN ALL DAY TRIUMPH

Sentinel Is Criterion of Up to Date Journalism

Wisconsin's great daily newspaper is The Milwaukee Sentinel, which for over seventy-four years has been the leading newspaper of the great Badger state. A little over two years ago The Sentinel added afternoon and evening editions, which, through the success achieved by them, have become fixtures. The Sentinel now is an all-day triumph in the newspaper world, supplying its readers with morning, afternoon and Sunday editions containing all the news of the world up to the moment of going to press with each edition.

In its editorial page The Sentinel has one of the strongest assets. This page, besides its thoughtful editorials prepared by a score of experienced writers, offers several valuable features including George Phair's column "Just Squibs" which deals in a humorous vein, in prose and verse, with the latest news events.

Among the most important and interesting of The Sentinel's features is the correspondence of Frederic J. Haskin, which covers a great diversity of subjects and which deals usually with those questions and events which are uppermost in the minds of the people. The series of letters by Mr. Haskin, now running in the All-Day Sentinel, one of the best features ever offered in the newspaper field in Wisconsin or elsewhere.

Experienced correspondents, especially equipped to supply accurate information, are stationed continuously at Washington and at Madison.

The sporting pages, written by recognized authorities, offer the best and most accurate sporting information. These pages, as well as the news pages, are enlivened by cartoons from the pencils of The Sentinel's cartoonists, including Cad Brand's weekly review of sports.

The dramatic, society and market columns of every edition are the best.

The woman's page in the evening edition contains a fund of useful knowledge for housekeeper and mother, not found in any other paper in the state.

The Sunday Sentinel, with all its special features is a welcome visitor to the homes of the northwest. One of its strongest features is the illustrated Sunday magazine, containing a large selection of stories, miscellany and pictures. The splendid comic section amuses the children and interests the older people.

Every copy of every edition of The Sentinel is a complete up to the minute newspaper.

Through every edition The Sentinel speaks for itself.

THE SOUND SLEEP

OF GOOD HEALTH

Can not be over estimated and any ailment prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says: "I have been unable to sleep soundly nights because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley Kidney Pills have cured me."

WARNING TO RAILROAD MEN

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroad left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends."

For Sale—A seven room house on Eastern Avenue. Furnace heat, hot and cold water, large basement. Lot 60x187 1/2 ft. Small payment down and balanced on easy monthly payments.—Enquire of O. E. Wood, Prop. Rhineland Business College.

Lest he should come this way the people of this city are warned to be on the lookout for a certain book agent who is soliciting for a Catholic publication, as his work in other nearby cities is looked upon with much suspicion. He calls at the house with a book, which he sells at \$5 in monthly payments, by taking \$1 down or \$3 if cash is paid. He leaves no receipt for the purchase nor does he deliver a book, but promises to have it delivered within a couple of weeks.

The boarding house prune, which is a mighty good dish in spite of the jokes that have been heaped upon it, is now a luxury on account of the prevailing high prices. In the wholesale world prunes are bringing from 10 cents to 1 1/2 cents a pound. A few years ago they were worth 5 1/2 cents. However prunes formerly were dried skins around a seed. Cultivation and proper selection have resulted in the average prune being a healthy, juicy morsel. The prune crop a year ago didn't come to lat on account of lack of water. But Rhineland is eating prunes just the same even though it is compelled to pay a fancy price for second rate fruit.

Worn in Every Clime

"DOROTHY DODD" ideas are always clever and original, and with the wealth of material their makers had to draw from this season, they will, without question, produce the most dainty, stylish and graceful women's footwear on the market.

Dorothy Dodd

SHOE

"DOROTHY DODD" Shoes are worn in every clime. There are special styles for special countries. They dance to the click of the Spanish Senorita's castanets; they stroll decorously down Pall Mall and Piccadilly; they trip lightly over Parisian Boulevards; they walk alike the shores of the Pacific and the Mediterranean;—and in America they are worn from Portland, Maine, to Portland, Oregon.

This season the women of America and their sisters in foreign lands may wear shoes that in grace of outline, beautiful materials and Faultless Fit are so far in advance of the average line of women's shoes, that there is absolutely no comparison.

DEATH OF MRS. F. KOEPCKE

She Passes Away Monday at Home on Mason Street.

Death came to Mrs. Frank Koepcke at the family home on Mason Street, early Monday afternoon. For ten days previous to the end she was in a serious condition, her ailment being of an uncommon and peculiar nature. She underwent much suffering.

Mrs. Koepcke was thirty-one years of age and since her early girlhood had resided in this city. Her parents, Mr. and Mrs. John Swartz Sr., are numbered among the old residents. On January 22, 1910, she became the wife of Frank Koepcke. Besides her husband, infant daughter, and parents, she is survived by two brothers, John Swartz of this city, and Sam Swartz of Portland, Ore.

Mrs. Koepcke was a christian woman, a devoted wife and mother and her death has caused profound sorrow among a large circle of friends.

The funeral will be held Friday morning from St. Mary's church.

SOO CONDUCTOR DIES UNDER TRAIN

Geo. Powers, Popular Railroad Man, is Victim of Accident Today.

Geo. Powers, a Soo line freight conductor who had a big acquaintance among the railroad men in this City, was killed by his train near Turtle Lake this morning.

During a slack in business Mr. Powers was employed as a brakeman. When the train reached Turtle Lake today he was not with the crew. An investigation resulted in the discovery of his mangled body on the track a few miles from town. It is thought that while running cars he missed his footing and fell under the wheels.

WHY ONE MAN BUYS AT HOME

A Real Booster Gives Several Good Reasons For Patronizing His Town

In a recent issue of the Des Moines Register and Leader the commercial page published the creed of one loyal spirited booster who gives good reasons why one should support the home merchant. He says:

"I buy at home
Because my interests are here.
Because the community that is good enough for me to live in is good enough for me to buy in.
Because I believe in transacting business with my friends.
Because I want to see the goods.
Because I want to get what I buy when I pay for it.
Because my home dealer 'carries' me when I run short.
Because every dollar I spend at home stays at home and works for the welfare of Des Moines.
Because the man I buy from stands back of the goods.
Because I sell what I produce here at home.
Because the man I buy from pays his part of the town, county and state taxes.
Because the man I buy from gives value received always.
Because the man I buy from helps support my school, my lodge, my home.
Because when ill luck, misfortune, or bereavement comes, the man I buy from is here with the kindly greeting, his words of cheer and his pocketbook, if needs be."
"Here I live and here I buy."

The following ordinance was read:

An ordinance to amend Section 23 Chapter 8 of the City Ordinances relating to shade trees, awnings and the disturbing and obstructing the streets. The Mayor and Common Council of the City of Rhinelander do ordain as follows:

Section 23 of Chapter 8 of the City Ordinances is hereby amended so as to read as follows:

Section 23. No person shall drive an automobile or motor-cycle through any street, alley, park or public grounds of the city of Rhinelander with greater speed than at the rate of 12 miles per hour.

Nor shall any person upon turning the corner of any street or crossing the intersection of any streets in said city drive an automobile or motor-cycle at a higher rate of speed than six miles per hour.

Any person violating any of the provisions of this section shall upon conviction thereof, be punished by a fine of not less than one dollar or more than ten dollars.

This ordinance shall take effect and be in full force from and after its passage, approval and publication.

Introduced by John Swedberg, Alderman.

Moved by Ald. Pecor seconded by Ald. Crosby that the ordinance be deferred and ordered published and will come up for final consideration and passage at the next meeting of the Council May 2nd 1911. Carried.

The following ordinance was introduced:

ORDINANCE.

An Ordinance to amend Section 14 of Chapter 13 of the Revised Ordinances of the City of Rhinelander.

The Common Council of the City of Rhinelander do ordain as follows: That Section 14 of Chapter 13 of the City Ordinances be amended to read as follows:

Section 14—No person shall fire any cannon, gun, cane, pistol or firearm of any description of fire or explode or cause to be fired or exploded or set off any explosive caps or torpedoes or any squib or firecracker more than three inches in length, within the limits of the City of Rhinelander, without permission from the common council or written permission from the Mayor. Such permit shall limit the time for which granted and designate the place where same may be carried on, and may be revoked at any time by the authority granting same.

Any person violating any of the provisions of this section shall be punished by a fine of not less than one dollar nor more than ten dollars.

Offered by Henry Roepecke, Alderman.

Moved by Ald. Pecor seconded by Ald. Cain that the ordinance be deferred and ordered published and will come up for final consideration and passage at the next regular meeting of the Common Council, held on the 2nd day of May, A. D. 1911. Carried.

The following ordinance was introduced and read:

AN ORDINANCE

An ordinance to prohibit the selling or giving away, and the possession custody or control for the purpose of selling or giving away of certain explosive toys and fireworks in the City of Rhinelander, Wisconsin. The Common Council of the City of Rhinelander, Wis. do ordain as follows: Section 1. No person, firm or corporation shall within the City of Rhinelander, in the State of Wisconsin, sell, offer for sale, or give away, or have in his, her or its possession, custody or control for the purpose of selling or giving away certain explosive toys and fireworks, namely: explosive cane, explosive caps or torpedoes, or squib or firecracker more than three inches in length.

Provided, however, that nothing in this section contained shall be construed to prohibit the Mayor from authorizing pyrotechnic displays of fireworks in parks and other public places whenever so authorized by resolution by the Common Council. Provided further, that nothing in this ordinance contained shall be construed to prohibit the possession custody or control of the above named articles by the wholesale dealers when held in transit, or for sale and delivery to points outside of said city of Rhinelander.

Section 2. Any person for himself or as agent for any other person, firm or corporation, violating the provisions of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars.

Section 3. This ordinance shall take effect and be in force from and after its passage approval and publication.

Offered by John Swedberg, Alderman.

Moved by Ald. Pecor, seconded by Ald. Berg that the ordinance be deferred and ordered published and will come up for final consideration and passage at the next regular meeting of the Common Council May 2nd, 1911. Carried.

Moved by Ald. Pecor, seconded by Ald. Cain that the City Clerk be instructed to have 250 Committee cards printed. Carried all voting aye.

Moved by Ald. Pecor seconded by Ald. Swedberg that the Police and Fire Commission be instructed for to put on the police force one extra policeman for to kill and destroy all unlicensed dogs within the City of Rhinelander. Carried.

SCHOOL BOARD PROCEEDINGS

April 3rd 1911.
A regular meeting of the School Commissioners, held on the 3rd day of April 1911. Not a quorum being present the Board adjourned until Apr. 10th.

GUST SWEDBERG, Secretary.
Apr. 10th 1911. At the adjourned regular meeting of the School Commissioners of the City of Rhinelander, held on the 10th day of April 1911.

The following members being present: Backstrom, Brown, Joslin, Porter Sutliff and Sutton.

Minutes of previous meeting read and approved as read.

The following resolution was offered by the Teachers' Committee:

Believing that it is at times necessary to use corporal punishment as a means of enforcing discipline in our schools and at the same time wishing to conform as far as possible to the wishes of parents on this point, it is hereby

Resolved, that if the parent or guardian of any child in the public schools of this city shall file with the Clerk of the School Board a notice in writing that he prefers to assume the responsibility for the conduct of such child in school, such request shall be respected, and if, in the opinion of a teacher any child named in such notice merits corporal punishment he shall be reported to the City Superintendent of Schools, who shall notify the parent or guardian. If this does not bring the desired result, in the opinion of the Superintendent, he shall report the case to the School Board. (Signed.)

E. O. BROWN, S. D. SUTLIFF, Committee.

Moved by Joslin and seconded by Porter that the resolution be adopted as read. Carried.

Pleated Bosom Negligee Shirts

appear best when laundered by us. Our process finishes them so they look and fit as they did when new.

We make the shirt fronts a little stiff, iron them straight and flat, finish the pleats properly, iron the neck-band so it fits and sets just right and we starch and iron the cuffs so they properly match your laundered collar.

Contrast this with the appearance of a similar shirt laundered at home or by the washerwoman, and you'll see why men who pride themselves on being "well dressed" send their shirts to us.

A PSALM OF BASE BALL

Tell me not in mournful numbers
Baseball is an empty dream,
For the fan is dead that slumbers,
And his style is lacking steam.

Tell me not in joyless jingle

There is nothing in a swat.

And no gladness in a single

That is biffed across the lot.

Tell me not that in a putout

There is not exceeding joy.

And a pleasure in a shutout

Which the years cannot destroy.

Tell me not that in a double

There is not a glad hooray.

For it banishes all troubles,

Sweeping life's worst ills away.

Tell me not that in a triple

There is not delight for keeps,

For it spreads a pleasing ripple

Over Joy's profoundest deeps.

Tell me not that in a home run

There is not a joy supreme.

Just as Caesar back to Rome ran,

Bearing slaves and gold—a dream!

Tell me not that in the winning

Of a game there is not fun

When, about the seventh inning,

We're eleven to their one.

Tell me not we don't feel richer,

As admirably we sit,

When we see our nobby pitcher

Let 'em down without a hit.

Tell me not that we don't tenant

Paradise when, in the Fall,

Each of our teams grabs a percent,

Downing rivals, one and all.

Tell me not with sad insistence

Baseball is jejune and tame.

This would be a poor existence

If we could not see a game.

FLASHES FROM THE HEADLIGHT

Bits of News Pertaining To The Soo and Northwestern Railroads

John Hendry, chief traveling engineer of the Soo system, spent Friday and Saturday in Rhinelander, greeting his many acquaintances. Mr. Hendry, before his promotion from traveling engineer to his present official position, made this city his headquarters. He returned to Minneapolis, Sunday.

A large number of Soo contractors are at Grantsburg and train loads of graders' outfit, horses and supplies are being shipped there for the Fred Eric extension to the Soo line to Superior. Grantsburg will be made the headquarters on account of the easier accessibility to the works. In the outfit is a steam shovel weighing 50 tons which Contractor Richard Evens will take on its own trucks and build a temporary track to the place of excavation, a distance of 30 miles. The cost of this work alone will be \$7000.

The new bridge of the North Western over the Fox river one mile west of Packwaukee, is to be the largest on the new line. It will have twenty-three spans and a draw concrete construction, and the super-foundations are of steel cylinder and the rails will be twenty-five feet above the level of the water. The structure will be steel.

The C. & N. W. is extending the efficiency department movement which was inaugurated several weeks ago to all divisions. Efficiency committees are appointed from among employees to recommend methods adapted to that particular division and the plan is said to work well.

The new private car, "Nina," of President Pennington of the Soo line, was put into service last week when Mr. Pennington made a trip over the Chicago division. The "Nina" weighs seventy-six tons and is one of the most luxuriant private cars in America.

The Northwestern limited train, south bound, was two hours behind schedule in arriving in Rhinelander Monday night. The delay was due to a cylinder head on the locomotive blowing out a few miles this side of Hurley.

POPE'S HEALTH GOOD

A Rhinelander clergyman has received a letter from a friend in Rome in which it is stated that the newspaper reports regarding the poor condition of the Pope's health are not true. The writer declares that the Holy Father is not the least indisposed.

PUBLIC LIBRARY NOTES

Many Juvenile Books Among The New Volumes Received

Brooks—An American citizen—Life of William H. Baldwin, Jr.

In the death of William H. Baldwin, Jr. in 1905, the nation lost one of the grandest characters that ever graced the business world. At the age of thirty he stood recognized as one of the most successful practical railway men of his time, and at the time of his death twelve years later he held the position of president of the Long Island Railroad, and was chairman of the General Education Board.

John Graham Brooks has given us an inspiring biography which will be of special interest to young men. This biography of a railroad executive is important because it reveals the sturdy qualities of a man who turned his back on the usual questionable methods looked upon by many officials as unavoidable, and attained success in railroad administration without the loss of integrity, through methods dictated by high ideals and a fine sense of right and justice. Evers—Touching second.

The history of the national game of baseball, its development into an exact mathematical sport, records of great plays and players. An authoritative treatise, possibly the most serious in print, but so enlivened with anecdotes of players and plays that it will be enjoyed by all, young and old, who are familiar with baseball. Juvenile—

Dincock—Dick Among the Lumberjacks.

Gilmore—Maid's Little Shop.
Palme—Hollow Tree Snowed in Rock.
White—Brothers in Fur.
Wiley—Mother Goose Primer.

MINOCQUA.

Dr. Pink and family arrived the first of the week to take possession of their new summer home.

Mr. and Mrs. Hooper left Monday for a trip through the Dakotas. They may decide to take a claim and locate there. Mr. Carmen who returned from there to take a car load of horses and machinery to his Dakota farm left Wednesday. Mrs. Carmen followed Saturday.

Mrs. Dr. Hawley returned from a two months visit with Chicago friends. Mrs. Julia Darrow has returned from a visit at Cincinnati.

Mr. Dorwin Sr. has returned from the sanitarium, his condition is somewhat improved.

Mr. Williams was in Rhinelander this week to see Mr. Smeaton who is still in the hospital.

JENNINGS.

Mr. and Mrs. D. Gibbs and son Joe of Tomahawk are visiting Mrs. Gibbs' parents.

Nellie Lagon was on the sick list last week.

Misses Pauline and Mary Soletski were out in the country Sunday.

Mr. Dave Gibbs stopped at the country school a few minutes, Friday.

Miss Winnie Kusch was the guest of her parents Sunday.

Mr. and Mrs. Joe Kusch came from Seymour last Tuesday afternoon.

Mr. and Mrs. Aug. Panka went to Cranston Monday.

The Hawleigh man went through here Thursday.

PRENTICE HAS BIG FIRE TO-DAY

Report Says Business Section And Many Residences Are In Ruins

According to reports received in this city at 11 o'clock this morning, Prentice, the Price county town forty miles west of here on the Soo line, is in ashes. Owing to the telegraph and telephone wires being down communication between Rhinelander and Prentice has been cut off and authentic particulars of the fire cannot be obtained here.

Rumor has it that four blocks in the business center of the town and over half the residence section has been destroyed.

It is impossible to ascertain an estimate of the loss. The plants of the Prentice Calumet and News are said to be burned.

NEW ADDITION TO THE PAPER MILL

Herman & Sons Get Contract—Will Install Machines For Tissue Paper

The contract for the building of the new addition to the plant of the Rhinelander Paper company, was awarded last Thursday to B. Herman & Sons, the firm which will also erect the First National bank block.

The addition to the mill will represent an investment of \$150,000. This amount will cover the cost of the building and machinery. The equipment to be installed will include a machine for the manufacture of tissue paper. The addition will be constructed large enough to accommodate a second machine of this kind should it prove necessary. It is estimated that about fifteen extra men, including machine tenders, will be given employment at the plant as soon as the new improvements are completed. The daily output of the mill will also be greatly increased.

Herman & Sons, the contractors, will begin work on the construction of the addition at once.

CHILD IS FEEBLE MINDED

Hope Munson, of Enterprise, a child six years of age, was committed to the home for feeble minded at Chippewa Falls by Judge Billings Tuesday. Sheriff Crofoot took the child to that city, yesterday.

Oscar Jenne has returned to the city from his southern trip.

DANCE OF BACHELORS

Party Tuesday Evening Is An Enjoyable Affair

One of the prettiest and most enjoyable functions ever given in Rhinelander was the ball of the Bachelors at the Armory hall, Tuesday evening. Those in attendance at the party were enthusiastic in their praises of the hospitality extended them by their hosts.

The Bachelors left nothing undone which might tend to make the evening pleasant and ever to be remembered. The hall decorations were elaborate and artistic. In the center of the hall were suspended the words "No wedding bells for us!" The music was by the Arion orchestra of Oshkosh. During intermission at mid night refreshments were served by the Priscillas at the Congregational church basement.

BUYS COLLEGE AT STEVENS POINT

O. E. Wood, of Rhinelander Business College, Acquires Another School.

O. E. Wood, proprietor of the Rhinelander Business College, has bought the Stevens Point Business College, and will immediately take active management of that institution. Mr. Larson, of Stevens Point, has been engaged by Mr. Wood to conduct the school in this city.

Mr. Wood established the Rhinelander Business College three years ago. He has by constant work brought the school up to a high standard of efficiency. To-day it is in a thriving condition and is recognized as one of the leading colleges of its kind in Wisconsin. Its graduates have all been placed in desirable positions, many of them being employed in this city.

Mr. Wood is an able manager and instructor and is endowed with the qualities that stand for success. His friends all feel that under his guidance the Stevens Point college will continue to expand and prosper. The departure of Mr. Wood and his family from Rhinelander is much regretted.

An Indian God Rock.

There is a famous historical rock on the banks of the Allegheny river near Franklin, Venango county, known as the Indian God rock, which it is proposed to move to Franklin to insure its preservation. It is figured that the rock, which bears Indian hieroglyphics, weighs about 125 tons. It is believed that it can be lifted from its foundation in whole or in part by one of the railroad steam cranes and loaded on a car and taken to Franklin. It has been visited by thousands of persons, among them many scientific men, who have pronounced it an Indian relic of much historical worth.—Philadelphia Record.

Testing Brass.

The use of hardness testing devices on rolled brass is referred to by the Brass World. Brass is rolled in many different tempers. Usually when a sample of sheet brass is sent in so that an order to be filled may match it bending or scratching is resorted to to determine its temper, the result often being only a guess. The hardness testing methods used with steel are beginning to be employed for brass, but the ability to determine the temper of a sample of brass is not yet well recognized.

Eucalyptus Trees.

A eucalyptus tree in Guanajuato, Mexico, though only fifteen years old, has a trunk fifty feet to the first limb and three feet in diameter at the base. It is of the variety known as Australian mahogany, and the value of this one tree is \$100 at wholesale rates. This and other varieties of eucalyptus are infinitely more valuable than the "blue gum" eucalyptus, which was formerly chiefly grown in Mexico and California. A forest of 200,000 eucalyptus trees is being planted now in one Mexican state.

Why He Was on Time.

Benanger was one day complimented by a lady on the punctuality with which he kept his engagements. "It is a pleasure," said she, "to invite you to dinner, for you never make us wait." "I am no longer young, madam," replied the poet, "and experience has taught me one thing—it is dangerous not to arrive at the precise hour, for the guests who are waiting for you will pass the time in discussing your faults."

Spilled the Evening For Her.

"I suppose you had a perfectly lovely time at the dinner party last night?" "No. Through some mistake they seated me next to my husband."—Chicago Record-Herald.

CUPID IS BUSY IN RHINELANDER

Past Week Has Been An Unusually Active One in The Matrimonial Line.

Flatley-Ashenbach

Miss Marie Flatley, daughter of Mr. and Mrs. P. H. Flatley, and Wm. Ashenbach were married by Rev. Dr. Lienfelder at St. Mary's rectory, at seven o'clock Tuesday morning. The young people were attended by Miss Pearl Flatley, sister of the bride, and Roy Ashenbach, brother of the groom. After the wedding the party partook of breakfast at the Hotel Rhinelander. Mr. and Mrs. Ashenbach departed on the nine o'clock Soo train for Duluth where they will spend their honeymoon. They will make their home at Minneapolis where he has a position as an electrician.

The bride has resided in this city for the last year and is a pleasing young lady, with a large list of friends. Mr. Ashenbach has only a slight acquaintance here, but is said to be an excellent young man.

Marringer-Wiedemann

Mrs. Lulu Marringer and Peter Wiedemann were united in marriage by Rev. Dr. Lienfelder at a nuptial mass at St. Mary's church, Wednesday morning. Attendants were Miss Mabel Denoyer and Lou Denoyer. Mr. and Mrs. Wiedemann will reside in Rhinelander. Friends extend congratulations.

Dufraigne-LaDuke

On Wednesday evening Rev. Dr. Lienfelder at St. Mary's rectory performed the ceremony which united Mrs. Alma Dufraigne and Ed. LaDuke. The witnesses were May Beyer and Wm. LaDuke.

Mr. and Mrs. LaDuke will continue their residence in this city where they have many friends who wish them well.

Hanchett-Hixson

Miss Jessie Hanchett and Everett Hixson, two well known young people of this city, were joined in matrimonial bonds by Rev. Clemens of the M. E. church at the parsonage, Wednesday morning. The wedding was a quiet one and the couple were unattended.

Following the ceremony, Mr. and Mrs. Hixson left on the 10:26 Northwestern train on a short tour through the southern part of the state. Upon their return they will commence housekeeping in this city.

The bride is the daughter of Mr. and Mrs. Jas. Hanchett, old and respected Rhinelander residents, and is highly regarded by a wide circle of friends.

Mr. Hixson is a clean cut, industrious young man who commands the respect of all who have his acquaintance.

Debbling de Crabs.

In the service of a Baltimore family is an old negro cook known as Aunt Sally, and not the least of her achievements is the preparation of sea food.

In the kitchen one day Aunt Sally's nephew, a nine-year-old lad from a point where crabs are seldom seen, was watching in breathless interest the old lady's deviling of a dish of such crustaceans.

"Aunt," asked he after much reflection upon this mysterious point, "does debbill crabs come from de debbill?"

"No, chile," promptly responded Aunt Sally, "but dey is de debbill to make."—St. Louis Republic.

The President's Oath.

The oath of office taken by the incoming president of the United States is the shortest and the simplest required of any ruler on earth. It is prescribed by the constitution and is as follows:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and, to the best of my ability, protect, preserve and defend the constitution of the United States."

Ready With His Tongue.

James T. Brady, a prominent member of the New York bar in the last century, was noted for his ready wit. Quick as Mr. Brady was with the readiness of his race for repartee, he sometimes met his match among his own countrymen. He was once examining an unwilling witness who persistently called him Mr. O'Brady. At length, even his proverbial good nature being a little ruffled, he said to the witness: "You need not call me Mr. O'Brady. I've mended my name since I came here and dropped the O." "Have ye, now?" retorted the witness. "I'm my own, it's a pity ye didn't mend yer manners at the same time!"—An Irishman on spying for relief and being told to work for a living people. "If I had all the work in the world I couldn't do it."

Chance generally favors the prudent.—Joubert.

THE FAT GODDESS.

A Picture That Jarrred the Nerves of a French Art Patron.

M. Durand, a French picture buyer of a century ago, had little wisdom as a critic, and his ambition, compounded equally of childlike vanity and genuine benevolence, was to figure as a patron of youthful genius.

One of the earliest commissions he bestowed was upon a young artist who selected for his subject a scene of classic mythology, in which the assembled gods were depicted upon Mount Olympus. When it was finished M. Durand was invited to the studio to inspect it. His face clouded as he gazed.

"Young man," he declared, "you have not treated me fairly. It is true I do not pretend to know everything about art, but I am not a fool, and I know that gods and goddesses should be no less noble than kings and queens. These people of yours are not even aristocrats! Madame, my wife, does not pretend to be a fine lady, yet when I put my two hands around her waist it is by an inch only that they fall to meet, and as for Juliette, my daughter, she is as slender as a needle. Look now at that big, clumsy woman in a loose gown who you say is queen among the gods! She has no figure at all. She is all the way down the same. Pout! Call her a lady and a goddess—she who is without stays and without waist! Mme. and Mlle. Durand would make a mock of her, your Juno! Pout! She is a peasant, a pillow, a pig!"

Nevertheless he was convinced by infinitely tactful explanations that the wasp waist was unknown in classic antiquity, even to goddesses. It was with proud complacency that he finally accepted the picture and the knowledge that the sovereign lady of Mount Olympus had never attained the heroic compression achieved by Mme. and Mlle. Durand.

A GEOLOGIC PHENOMENON.

Raised Beaches and Caves of the Island of Arran.

The island of Arran is one of those places on the west of Scotland where the geologic phenomenon known as a "raised beach" is very apparent. All along the coast there are evidences that the land has been considerably elevated at some period of the world's history. One of these proofs is the presence of caves of various sizes formed by the action of the waves in the past, but which are now well above the present high water mark. The farmers use some of the larger

caves as shelters for sheep in stormy weather.

In a remote corner of the island one of these caves has been converted into a human habitation, where a family of several persons dwell in absolute seclusion. Their occupation is the gathering of whelks, an employment which is said to afford but a precarious livelihood. As the gathering of the shellfish can only be done at low water and as the fishers have no boat or other occupation, they have ample leisure to enjoy the pure air and bask in the sunshine.

Except for the drip from the face of the high rocks above, which is skillfully diverted, the cave is absolutely dry. The interior is shaped like a triangle, the floor forming the base. Save at the sides there is ample room to stand upright and move about inside. Besides the beds and cooking utensils, the cave contains many articles of various kinds, giving the interior quite a homelike appearance. The apology for a fireplace is some way back from the entrance, through which the smoke finds its way outside.—Wide World Magazine.

Obituary Gems.

When John Sherman of New Haven, preacher, mathematician, almanac-maker and father of twenty-six children, heard of the death of his good friend Jonathan Mitchell, a Harvard pastor, he explained (after due thought and many poetic pang):

Here lies the darling of his time. Mitchell expired in his prime. Who four years short of forty-seven Was found full ripe and plucked for heaven.

When Thomas Dudley, father of the first American poetess, Anne Bradstreet, came to his deathbed, says the South Atlantic Quarterly, he showed where his daughter had received her surprising gift by composing such farewell lines as:

Dim eyes, deaf ears, cold stomach show My dissolution is in view. Eleven times seven years lived have I. And now God calls I willing die.

Got It Exact.

"Why is it that the butcher always sends me more meat than I order, never by any chance less?" complained a young housekeeper to her husband.

"Let me give him an order," said he, and, stepping to the telephone, he called up the market.

"Send me two pounds of porterhouse," he ordered, "and, say, if you can't cut two pounds make it a pound and a half."

He got the two pounds by the next delivery.—New York Sun.
